**Support CAC's FREE Community Lawyering  
model that provides  
whole-service democracy assistance.**

- **Helping community members fully participate in the democratic process** - be it novices harnessing their civic power for the first time or seasoned activists needing sophisticated assistance.
- **Holding government entities to high standards of accountability, accessibility, and transparency.** CAC takes action to dismantle and deter policies that prevent civic participation, and provides best practices so institutions may proactively improve governance protocols.
- **Fielding inquiries from you, your neighbors, and community members across our service area, as well as public officials.** CAC navigates concerns about the current state of our democracy, the civic and legal rights of community members as they engage with government bodies, and the balance between the rights of the public with the responsibilities of government.

**It takes WORK to Improve  
the Quality of our Democracy.  
Sample of CAC 2022 Activities:**

- **Addressed public bodies** at government meetings about civic shut-out.
- **Monitored** rallies and public meetings for civic and legal issues.
- **Wrote to public officials** about prohibited political activity.
- **Met with government officials** to discuss improved transparency.
- **Trained the next generation** of democracy advocates.
- **Spoke at forums** on legal and civic democracy issues.
